

The Barefoot Winery is a proud National Partner of the Wild & Scenic Film Festival!

Please let me know if you would be interested in having Barefoot Wine/Bubbly for your fundraiser as a participant in the Wild & Scenic Film Festival On Tour. The Barefoot Winery's goal is to be the most loved winery in the world. Barefoot supports thousands of non-profits around the world. Barefoot produces Wines, Bubblys and our new Barefoot Refresh Wines, a new category of wine that is refreshing! If you aren't familiar with our products please check our website www.barefootwine.com for more information. Barefoot Wines and Bubblys are also the most awarded in U.S. Competitions!

We can only donate product to registered non-profits. I'll pass on your request to our local Barefooter (Winery Representative). Supporting your film festival event will be their decision. We need lots of notice; a couple of months is helpful. Barefooters prefer to be present at all the benefits we support in order to properly represent our winery. As a winery, we are subject to many unique State and local laws governing alcoholic beverages.

The Wild & Scenic Film Festival is one of my favorite events. I'll look forward to hearing about your plans and ways that we might help!

Randy Arnold, The Barefoot Guy

Celebrating 25 years representing the Barefoot Winery!
